QUALITY MANAGEMENT SYSTEMS.9000

Management Consultant 05/2013 – 12/2016

With over 1,000 clientele, QMS.9000 is one of the leading Management Consultancy firms of Pakistan. During my tenure, I have led multiple projects in various industrial sectors, performing following activities:

- Baseline Assessment** (Review and Gap Analysis) of the client as per the requirement of the project (ISO 9001, 14001, 17025, OHSAS 18001, Buyer Compliances)
- System Development** (documentation) based on client needs and project requirements
- Conduct **Training Sessions** at client site as committed in the project plan and for the implementation of the development.
- System Auditing** at the end of the project (ISO 9001, 14001, 17025, OHSAS 18001, Buyer Compliances) to evaluate the Compliance Status
- Monthly reporting to **Principal Consultant** (CEO) on project status.
- Provide recommendations to clients to meet project goals.
